Mission Statement:

To train men and women for the effective gospel ministry utilizing a practical and reproducible mentor-based model that focuses on the development of calling, character, competency and a practical understanding of biblical and theological content.

Main Objectives:

- To maintain doctrinal integrity with a Reformed distinctive.
- That training, supervision and submission take place in the context of the local church using a combination of both the classical classroom and mentoring models.
- To give a candidate the opportunity to maintain a consistent family life, full time employment and ministry responsibilities in the local church while pursuing their theological education.
